The land of Egypt was known as “the jewel of the Nile.” Jewels are precious stones found in the ground, which are mined and polished for use as ornaments.

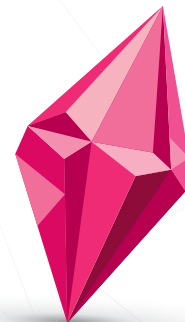

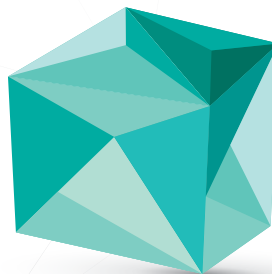

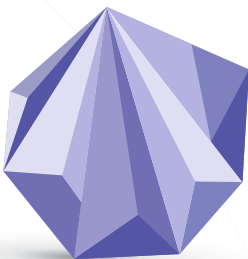

1. Print the templates on the next page onto card stock or other heavy paper.
2. Fold along the lines and tuck in the flaps.
3. Secure with glue.

You can color before cutting, print on colored paper, or decorate your finished jewels!

Jewels come in all different shapes, sizes and colors!
